Administrations & local authorities

Businesses

Housing complexes

Recommended for use with the AXOR® post, AXIS® S offers **great value for money** for fencing off general-use sites.

Installation on walls

Detail

Linear profile

INSTALLATION

Quick and easy to install

→ EASYFIX installation system.
→ Installation in forward sequence, no accessories required: the panels slot into grooves on the posts.
→ One single post type for the start and end of the fence and for intermediate panels.
→ Suitable for all sites: curved, angled or sloping premises.
→ Several configurations possible: suitable for installation on a base plate or wall, with concrete gravel boards, etc.

OPERATION

Resistance

→ Small mesh.
→ Pleats for extra strength.
→ Tamper-proof once installed.
→ Defensive spikes.

Attractive design

→ Award-winning design.
→ 200 RAL colours available.
→ 10 sanded coatings from the Elegance® Collection.

Janus 2001

Quality finish

→ Galvanised steel with High Adherence plastic coating.
→ 10 year anti-corrosion guarantee.
→ Optional PROTECT + coating.

FABRICATION FRANÇAISE — MADE IN mayenne 53
