

Fence post Blanco, section 60 x 40 x 2 mm

Fence post Blanco

The fence post systems of Van Merksteijn excel both in stability and functionality. This high quality is ensured by the use of top-quality materials and their careful processing using state-of-the-art production techniques. The fence post system Blanco offers an excellent price/quality ratio and can be used for a wide range of applications. The smooth rectangular section without drilled holes can be used with our approved fastening set for wire panels and recessed cap but other fastening variants are possible as well.

Technical specifications:

- Rectangular section: 60 x 40 x 2 mm
- Underground depth of post: 400 - 600 mm
