

Fence post PCK with cover strip, section 60 x 40 x 2 mm

Fence post PCK with cover strip

The PCK fence post system ensures in combination with our double wire panels a very easy assembly and exceptional security. The synthetic clips of this fence post system also reduces noise. With the screw connections of all wire panel meshes and the theft-proof aluminium cover cap, the PCK fence post is extremely robust and vandal-proof.

Technical specifications:

- Rectangular section: 60 x 40 x 2 mm
- Cover strip: 40 x 5 mm
- Underground depth of post: 400 - 600 mm
- Height: from 630, 830, ... up to 2,340 mm
- Screw connection: stainless steel socket screw 8 x 40 mm, wrench size 5.5 mm (ISO 7380)
- Noise reduction: weatherproof synthetic clip with steel insert
- Cap: theft-proof aluminium cap in colour of post

Obviously, special sizes, executions and lengths are available at request.

Possible surface treatments:
